

Instruction for our Trading Tips User

1. New clients requested to analyze my tips at least three days & if you confident then start trading.
2. When advice to observe then watch only don't do trading.
3. Quick action required in case when we advice buy / short or book profit.
4. When we advice to buy Nifty Call-Option it means its bullish trend, buy Call –Option / Buy Future / Buy Script such as Reliance Industries / L&T / Rel. Cap / Infosys / ICICI Bank / Bharati Aritel / Rel- Comm.
5. When we advise to Buy Nifty PUT, it is bearish trend, Buy PUT Short Future / Short script / Reliance Industries / L&T/ Rel-Cap / Infosystech / ICICI bank / Rel - Comm.
6. We advice to trade only in above mentioned scripts.
7. Immediate action will be required when we advice Book-Profit square off your position.
8. Ignore all spelling mistake & grammar, Messages is important
9. We may require more time to give recommendation & trading frequency is less, but we have strong confidence on our observation of market movement.
10. We ignore small market movements / incidents which may affect badly on our profit, hence requested to “Pay major attention in minor details”
11. We try profitable trading with our best knowledge and follows technical analysis tools, Oscillators and Software's, but unfortunately some time Negative / unpleasant News, Incidence, Rumors, Gossip May goes adverse our judgment / study, so don't Trade without stop loss
